

● Permanent magnetic base

Use:

Angular and parallel EDM of small and medium-sized workpieces

Features:

- Robust construction with good holding force
- Pole pitch 2 mm bass / 2 mm steel
- Nominal holding force standard: 80 N/cm²
- Nominal holding force stainless 50 N/cm²
- Magnetic field height : 2 mm
- Polar plate re-grind of 4 mm
- Stainless, chrome steel polar plates available for use in wire EDM

Model	Width(B)	Length(L)	Height(H)	L1	P	Net Weight
MBF-140	64 (2.52)	140 (5.51)	64 (2.52)	115 (4.53)	2+2	3.0 kg / 6.6 lb
MBF-160	64 (2.52)	160 (6.30)	64 (2.52)	135 (5.31)	2+2	4.0 kg / 8.8 lb

Unit: mm(in)
